"Domestic Engineering" Quarterly Index

Vol. CXXXVI—July 11 to September 19, 1931

This is the eighty-seventh index of "Domestic Engineering," an index for each quarter appearing at the end of that quarter. We ask our readers to note the value of this index for reference, calling special attention to the separate classifications of the departments of "Retail Advertising Service," and "Merchandising Articles," both of which contain many valuable ideas along the line of trade extension.
